WHY ROUNDABOUTS?

Roundabouts work.

Over the past three years, the roundabout at Mill Road and 1100 South has had zero reported accidents. At SR 51 and 400 North, crashes have been less severe, with no injury accidents on record.

That is by design. Roundabouts reduce potential collision points and slow vehicles down, which greatly lowers the risk of serious crashes.

Thanks for helping keep Spanish Fork safe!

CITY COUNCIL MEETINGS
Every 1st and 3rd Tuesday

REFINISHING 300 W AND 1000 NORTH

You asked, we answered! The much-discussed railroad crossing at 300 West and 1000 North has officially been upgraded. In coordination with Union Pacific Railroad, our Transportation and Streets teams replaced

the old wood ties with durable new concrete panels and restored the roadway with fresh asphalt for a smoother ride. After months as one of our most-reported problem spots, this crossing is now safer, stronger, and ready to roll.

CITY EASTER EGG HUNT

Hop on over to the Sports Park for the annual Easter Egg Hunt! It'll be held April 4 with food trucks starting at 8 am, and the hunt starting at 9 am. It's sure to be egg-stra special!

To keep things fun and safe, kids will be divided into age groups, with any kids under 3 having an adult accompany them.

We will also be hosting an Adaptive Needs Egg Hunt at 9:30 am. Families are encouraged to register in advance through the Adaptive Needs Hunt Registration form at spanishfork.gov/egghunt.

EMPLOYEE SPOTLIGHT

Shalon Biggs has been part of our Utilities team for just a year and a half, and she has already earned recognition as one of our Employees of the Quarter.

She loves helping residents and getting to know the community she serves. Her positive attitude and willingness to go the extra mile make a difference every day. She says she cannot think of anything she does not enjoy about her job. When she is not helping our residents, she is outdoors on the farm with her family.

We're thankful for all Shalon does for our residents!

COMMUNITY BULLETIN

Library Food For Fines

Starting in March, the Library will be offering Food for Fines all year long! Receive credit for fines on your account by donating needed food items to Tabitha's Way.

Chat with Representative Stephen Whyte

Representative Whyte will be hosting a review of the recent Utah Legislative Session on March 19 at 7 pm at Mapleton City Hall. All SF residents are welcome!

Emergency Preparedness Class

Join us the first Wednesday of every month at 6:30 pm to learn how you can better prepare you and your family for worst-case scenarios. This month, we'll explore the core survival priorities: shelter, insulation, and fire — and how to apply them in real-world emergency scenarios.

WILLIE BARN PROJECT

The Willie (indoor) Barn is getting an exciting upgrade! It will be replaced with a modern, state-of-the-art arena at the Spanish Fork Fairgrounds designed to better serve our growing community.

The new facility will host year-round events and offer upgraded amenities, along with improved space for agriculture programs, youth activities, and community gatherings.

We're grateful for the strong partnership with Utah County that is helping bring this project to life. Construction is anticipated to begin in August 2026, with completion planned for March 2027.

ALL ABILITIES PARK RE-OPENS

Adventure Heights closes each year from November through March to care for both the park and the team who keeps it running. Our seasonal, part-time staff follow labor hour guidelines, and winter weather can make the park's specialized, porous surface unsafe when moisture freezes and expands.

This time also allows us to maintain the park's many unique features so it's safe, refreshed, and ready to welcome everyone back on March 1.
