FIRE STATION GROUND BREAKING

Ground was officially set ablaze for the new Station 61 building on April 29, marking an exciting step forward for our growing community and professional fire department.

The new station will provide upgraded space and resources for emergency crews and is anticipated to be completed in Fall 2027. Until then, the current Station 61 will remain fully operational. Future plans for the existing building will be determined in the upcoming months.

The new Station 61 will be located at 161 W. Center St.

YARD OF THE WEEK IS BACK!

From Memorial Day through Labor Day, Spanish Fork will spotlight one standout yard each week! The City Council will recognize these beautiful yards, and they'll be featured on our social media channels.

Keep an eye out and nominate a neighbor, or yourself, whose landscaping brings charm and pride to our community. See our past winner photos and make a nomination at spanishfork.gov/yardoftheweek

FIESTA DAYS

Fiesta Days is right around the corner! Residents and visitors can look forward to gathering at the rodeo, grand parade, car show, craft fair, sports tournaments, and many other family-friendly activities. Wear your best red, white, and blue because America 250 will be incorporated throughout the celebrations.

Registration is open for many events, and volunteer opportunities are still available. Be sure to view the full Activities Calendar, sign up for activities, and volunteer online at sffiestadays.com.

EMPLOYEE SPOTLIGHT

Kerri Black has been an integral part of our Parks department for the past 21 years. As Parks Leadworker, she keeps our parks and trails well-maintained, with green lawns and beautiful outdoor areas. She says the best part of her job is connecting with regular trail-users and park-goers.

Kerri was the first girl to make the 1A Utah All-State Baseball Team in high school and later played outfield softball at UVU. She enjoys camping, spending time outdoors, and being with her mom.

We thank Kerri for her years of dedicated service maintaining and beautifying our community.

BE NICE TO YOUR PIPES

When it comes to your porcelain thrones, only toilet paper should be flushed. Anything else can cause major trouble for the sewer system. Grease, wipes (even the "flushable" kind), feminine products, kitty litter, food scraps, chemicals, and medications can clog pipes and cause costly backups.

When in doubt, throw it out!

AMERICA'S POTLUCK

Join the movement to build connections in Spanish Fork by hosting or attending a community potluck on Sunday, July 5, 2026. Residents are encouraged to gather with neighbors, friends, and family to share a meal and celebrate community.
