MISSION STATEMENT

Our mission is to instruct, train, organize, and encourage competitive baseball. To help our youth acquire ideals of good sportsmanship, honesty, loyalty, and courage. To help build a strong foundation for life!

AIMS & OBJECTIVES

The purpose for which this Association was formed is for charitable and educational purposes and to organize, instruct, train, promote, and encourage games for youth. This Association is also for the purpose of improving capabilities through providing a system of coordination in the use of uniform and consistent rules and regulations. It is the goal of this Association to help youth acquire ideals of good sportsmanship, honesty, loyalty, and courage thereby combating community deterioration and juvenile delinquency. There shall be no distinction as to gender in the U.B.B.A. program. Girls shall be allowed to try out and be assigned to teams on an equal basis.

THE U.B.B.A. RULE BOOK

The U.B.B.A. has adopted the baseball rules of the High School Federation as their official playing rules. The information contained in this rule book is designed to make the game meet with the U.B.B.A. philosophy, and the information herein will act as a supplement to anything found in the rule books produced by the High School Federation.

The rules contained in this rulebook are only recommended guidelines for league play. Local league administrators should govern their leagues in a manner that is best for their individual communities. However, understand that these rules will be the governing force for all state tournament play. Therefore, it is highly recommended that leagues follow the rules contained herein during league play as closely as possible to alleviate confusion during state tournaments.

The U.B.B.A. has adopted the baseball rules of the High School Federation as their official playing rules. The information contained in this rule book is designed to make the game meet with the U.B.B.A. philosophy, and the information herein will act as a supplement to anything found in the rule books produced by the High School Federation.

PRINCIPLES & POLICIES

This Association and its Member Leagues shall be entirely non-profit and non-commercial.

The Member League may, at the discretion of its Board of Directors attach a sponsor's name to the front of the uniform shirt of the team sponsored, and this shall be considered as justified recognition and gratitude to the sponsor for financial support. A sign or signs on an outfield fence, done in good taste, and properly displayed to acquire funds for the operation of the program shall not be considered improper. Any over emphasis on commercialism or exploitation will not be condoned.

This Association or its Member Leagues shall not engage in commercial activities nor engage in the sale or promotion of goods, products, or services not directly connected with the program of U.B.B.A.

All changes of rules, policies or government of this Association have and will continue to be made by elected representatives of the member leagues in the annual meeting. Member leagues may propose rule, governmental, or policy changes by submitting said proposals for inclusion as an agenda item for the Winter meeting 60 days prior to the meeting date. Member leagues may also propose rules, governmental, or policy changes on the floor of the convention at the appropriate time.

LOCAL LEAGUE RULES

Local league rules are established in this book for the purpose of giving suggested guidelines for all organized leagues. Local leagues will be governed by community Directors and/or local associations.

1. Each individual league shall be governed and operated by a Community Recreation Department or a League Board of Directors.
2. Annually the membership of the league shall hold an election at which time all directors of the League shall be elected except for team managers. As soon thereafter as possible, these elected directors shall meet and elect (or re-elect) the team managers for the ensuing year. Upon election, the team managers then become directors of the league, and the entire Board of Directors shall elect their Officers for the year.
3. School grade will determine what league a player is in rather than date of birth. See Administration section for league breakdowns.
 - a) In cases of academic advancement, youth will play with the group or grade they start with.
4. Each community will determine the number of leagues in their respective community and/or area and will also determine league boundaries.
5. It is suggested that each league be composed of the number of teams that best meets the community or league needs. U.B.B.A. suggests the maximum team size be 12-13 players per team.
6. Players must be registered with a community recreation department in order to be eligible to play in U.B.B.A. State Tournament.
7. All leagues should be encouraged to play each player at least half of each game. Equitable playing time for all youth is strongly suggested.
8. U.B.B.A. will permit local communities to govern their own league's play.

THE BOUNDARIES OF THE LEAGUE

1. The League shall establish definite geographical boundaries. U.B.B.A. suggests city limits to serve as league boundaries. Communities that do not have a league serving their population are encouraged to participate in a neighboring league.
2. Only widely separated communities making up a league may establish individual team boundaries.

3. Once a youth becomes a member of a team, and later moves from within the League boundaries, or if the League boundaries are changed at a later date in such a manner as to then leave the youth outside the new boundaries, the Board of Directors of the League may maintain the youth as a League member and player for the duration of their time in that division; provided that the youth desires to remain as a player in that league and providing they can fulfill their obligations to their team.
4. Boundaries approved by this Association will be protected and no other league shall be franchised to draw candidates from the same area.
5. Players that are living in the borders of a geographical city but feed to a neighboring High School will have the option to play in either city's recreation league. (High School boundaries, not Junior High or Elementary boundaries).
 - a) Players are encouraged to choose a community and remain there during their U.B.B.A. participation.
 - b) This rule is for players that are caught between city and school catchment boundaries and is not intended for politics and/or jockeying.
 - c) Players should play within their boundaries. If, for any reason, a player wishes to play in another league outside of their boundary, they must:
 - i. Obtain an application from their current recreation department.
 - ii. Explain why and get the current league director's signature.
 - iii. Explain why and get the transfer league director's signature.
 - iv. Present application with both signatures to U.B.B.A. Board for approval.
 - v. This must be done before players can register outside their league boundary

MANAGERS & COACHES

1. The conduct of a manager/coach on the field should always be of the highest caliber and should reflect the best interest of the youth involved. Personality and leadership are more important than sheer knowledge of baseball. A manager/coach may be replaced at any time if the Board of Directors of the league desire it by a majority vote. Managers shall select a coach of their choice, subject to approval of the Board of Directors of the league. Managers/coaches should not incite the fans or the players by their actions. Managers/coaches should help ensure spectators' conduct is positive and does not detract from the game. The manager and/or coach should confine themselves to the dugout or approved area during a game unless conferring with an umpire or player under authorized baseball conditions.
2. Only two adult coaches may be on the field, coaching bases, while their team is at bat. When their team is on defense, coaches will remain in the dugout or extended area.
3. The use of tobacco chew, smoking, alcohol, or un-prescribed drugs in any form by player, coaches, or adult leaders in the dugout, bench, on the playing field, or any time during the game, is not permitted and such offenders are ineligible for further participation in U.B.B.A. play for the year.

UNSPORTSMANLIKE CONDUCT

1. Unsportsmanlike behavior of any manager, coach or player will not be tolerated.
 - a) If a manager or coach is removed from a game for unsportsmanlike conduct, he must leave the facility, out of sight and out of sound or his team will be caused to forfeit. That person will be suspended for the next scheduled game.
 - b) An ejected player can remain in the dugout if there is no adult for the player to leave with. If there are any further conduct related issues with this ejected player during the remainder of the game, he must leave the facility or his team will be caused to forfeit. An ejected player will be suspended for their team's next scheduled game.
 - c) The offending person will be asked to meet with their own community or Area Director.
2. Coaches should encourage sportsmanship for their own fans at all games.

TEAM & PLAYER ASSIGNMENTS

1. Organization of teams will be under the direction of each community. The selection and assignment of players will be on a fair and equitable basis (including grades). The intent is to create equality within leagues. Each city must have their selection method approved by the State Board.

Suggested methods to select or assign players are as follows:

 - a) Lottery
 - b) Alternate free selection
 - c) Blind draft selection
2. U.B.B.A. does not allow for the major-minor/ A-B teams league establishment.
3. Players may automatically be placed on a team without going through the normal draft process as determined by a community recreation department or league board of directors.
4. The head coach cannot be in a rotated position from year to year for the purpose of gaining players.
5. All other players must go through the normal draft of players. All boys or girls who register must be placed on a team. Please refer to the Official U.B.B.A. Draft Policy found online.
6. All players and candidates must have residency within the franchised boundaries of the League at the start of the official try-out sessions. The Board of Directors of the League must approve any exceptions to this rule of eligibility.
7. Prior to the player selection, the League President must certify the eligibility of every candidate.
8. When a player has been assigned to a team, he must remain on that team if he remains in that league. The league Director must approve exceptions to this rule.

- a) Cities or leagues may opt to re-draft teams each year. If a city chooses to re-draft, it will be done in all U.B.B.A. associated leagues that are offered by that city. It will be expected that once a city changes its' draft system, it will continue with the new system in future years.
- 9. A copy of each team roster must be submitted via email, using the standard U.B.B.A. roster form. Rosters and registration fees for each team are to be sent to the Treasurer. League Directors must advise U.B.B.A. of any roster changes as they occur.
- 10. Only the players on the registered roster of a team shall be in uniform.

THE GAME

1. A Regulation Game:

- a) Mustang and Pinto leagues shall be for six innings or a time limit set by communities or Area Directors.
- b) Mustang league and tournament games will play a six-run offensive limit during the first two innings of play. The play where the sixth run is scored is live and all runs will be counted until the play is complete. Pitcher charged three outs.
- c) Pony league shall be seven innings or a time limit set by communities or Area Directors.
- d) When a game (bracket play) is tied at the end of regulation innings, the game shall go into extra innings until a decision is reached or the umpire calls the game. In State Tournaments, pool play games will end in a tie. In the event of a tied game in bracket play (as explained above), the international tie-breaker will be used. See page 15, rule 9.
- e) Mustang, Pinto and Pony: All divisions must have four outfielders in umbrella formation.

2. Basis of Play:

- a) Mustang League: No Leadoffs, for this reason the pitcher is not allowed to make pick-off moves or balk. Steals are allowed; base runners are not allowed to leave the base until a pitched ball crosses home plate. No running on dropped 3rd strikes.
- b) Pinto League: Lead-offs and pick-off moves are allowed, balks will be called at the umpire's discretion. Batter may run on dropped 3rd strike if less than two outs and first base is not occupied or any situation with two outs.
 - i) Balks are a judgment call, umpires judgment may not be protested. Balks will only be enforced if the pitcher gained an advantage – in this scenario the runner will be awarded the base he was headed towards. Balks that the pitcher did not gain an advantage on (including when no runners are on base) will result in a dead ball and hopefully a teaching moment.

ii) Umpires are encouraged to teach pitchers what action caused the balk. Trying to intentionally get a pitcher to balk will not be allowed.

iii) 3rd to 1st pick off moves ARE legal.

c) Pony League: All play is based on High School Federation Rules. Lead-off/pick-off and balks will be enforced as per the rule book.

3. Called Games:

If the game is called for weather or other reasons, the team with the lead is the winner, if more than the following innings have been played:

a) Completed Game Requirements:

Mustang: After three or more equal innings or one-hour of completed game time.

Pinto and Pony: After four or more equal innings or one-hour of completed game time.

b) U.B.B.A. format requires that games stopped due to weather or other reasons, are to resume at the point that they left off. Games that have met completed game requirements will be considered finished.

c) In resumed games, pitching regulations will be enforced as if the game was being played in the week originally scheduled. No combination of regular league games and make-up games can a pitcher exceed the number of outs per week.

4. :90 Rule – Pony League Only:

Teams have 90-seconds from the point when the last out occurs to when the first pitch is to be thrown to start the new half inning. This rule is to help pick up the pace of the game. Coaches are to teach players to hustle on and off the field, this will allow for more playing time and complete games.

- a) Speed up runner for catcher only, must be **last out** (Pony only).
- b) If the pitcher is not ready at the end of 90-seconds, a ball will be called.
- c) If the batter is not ready at the end of 90-seconds, a strike will be called.
- d) In cold weather situations, the umpire should use good judgment in enforcing this run and error on the side of safety for the players.
- e) If either the offense or defense waives their right to 90-seconds, the opposing team still has the option to utilize their time.

5. Mercy Run Rule:

For **ALL** leagues, if a team is leading by 15 runs after three innings, 12 runs after four innings or eight runs after five innings, the team in the lead will be declared the winner.

Mercy Rule Innings/Time	Runs Ahead	Visiting Team Innings Played	Home Team Innings Played
At 3 Innings	15	3	2 ½
At 4 Innings	12	4	3 ½
At 5 Innings	8	5	4 ½

6. Speeding Up Play Between Innings:

To maintain a brisk pace of play, the following guidelines will be observed between innings:

- a) **Speed Up Runners:** Catchers are strongly encouraged to assist in speeding up play by retrieving foul balls and returning them to the pitcher promptly.
- b) **Avoid Stalling:** All players, coaches, and umpires are expected to avoid any unnecessary delays or actions that might prolong the time between innings. This includes but is not limited to excessive conferences on the mound, slow returns of equipment, and unnecessary delays in taking the field.
- c) **Pitch Limit:** Pitchers shall be limited to a maximum of six (6) pitches between innings. This limit is in place to ensure a timely start to each new inning and prevent excessive delays. Umpires are authorized to enforce this pitch limit.

PROTESTS & PENALTIES

1. Any team failing to field at least nine uniformed players will be assessed an out in the batting order for each missing player at the place designated by the coach. Teams must field at least seven players, or the game will be a forfeit.
2. The play of illegal players shall result in the forfeiture of game in which players have participated illegally if the game is protested by any of the league managers or officials in writing within 24 hours of the game or games in question (an illegal player is one who is not legally a member of the team because they do not meet the age, grade, resident, or registration requirements).
3. The penalty for the use of an ineligible player, due to prior disciplinary action, shall be the removal of the player from the line-up upon appeal by the opposing manager, or notification by the official scorer or league records to verify the ineligibility of the player concerned. Such players may also be declared ineligible to play in the team's next game if such a violation is determined to be deliberate on the part of the player or his manager.
4. In the event a manager of an ineligible player refused to remove the player in question from the line-up when the appeal is made and verified, the game is subject to forfeit when protested properly.
5. The official scorer should notify the umpire concerning an ineligible player who is about to be used in the game, but failure to do so does not change the rules and can still effect the participant's removal from the game.
6. A protest based on a play that involves an umpire's judgment is not permitted.
7. In league play for rules violation the objecting manager must, at the time of the violation, notify the umpire, the official scorekeeper and the opposing manager of their protest. If an immediate decision cannot be reached, the game will continue in protest status and the objecting manager must file with the league President their written protest within 24-hours.

The following information is needed:

- a) The inning
- b) The score
- c) The number of outs
- d) How many base runners and on what bases
- e) The count on the batter
- f) Who was pitching
- g) What happened and what rule was violated

If league Directors uphold the protest, the game concerned shall be played from the point of protest.

- 8. Protests should be discouraged on technicalities, and it should be observed that unless an illegal player is being used or some unusual or major violation committed, a game forfeiture should not be involved.
- 9. If a manager or coach has been removed from the game and refuses to leave the playing field or ballpark, the game will be deemed a forfeit.
- 10. Coaches should be notified of a rule violation he/she is making at the time and point in the game that it is made and noticed by anyone.

PITCHING REGULATIONS

It is the coaches' responsibility to monitor and adhere to all pitching regulations. In tournaments, scorekeepers record pitching outs and these records become the official record.

PITCHERS IN LEAGUE GAMES

1.

TIME PERIOD	MUSTANG & PINTO	PONY
Maximum outs in 1 day	18	21
Maximum outs in 1 week	18	24

- a) There is no rest required if a pitcher has pitched 12 outs or less in Mustang, Pinto or Pony in one (1) day.
- b) Minimum hours of rest if a pitcher has exceeded pitching limits is one (1) complete calendar day. Example: If a pitcher pitches on Monday and exceeds the pitching restrictions, they may not pitch on Tuesday. They may pitch again on Wednesday.
- c) In order to further protect young pitchers, a pitcher must have one (1) calendar days' rest if they have pitched in their fifth inning in Mustang, Pinto or Pony. The pitching of one pitch to a batter is to be considered as having pitched in that inning insofar as rest is concerned, but not insofar as accumulation of his total outs for the week is concerned.

- d) Innings pitched in a tie game, postponed game or non-contest game shall be charged against the number of outs pitched that week. In the playoff of a postponed or tie game, the ineligible pitchers will remain ineligible during the replay.
- e) A pitching week is defined as Monday through Saturday.
- f) SAME DAY COMBINATION PITCHING RULE: Mustang/Pinto may pitch 18 outs in a day. Pony may pitch 21 outs in a day. Pitchers may pitch any combination between the two games in one day, however rest rules still apply.

EXAMPLES OF THE PITCHING RULES FROM THE MUSTANG/PINTO LEAGUE ARE:

A pitcher is charged with only fifteen (15) outs if they are on the visiting team and the home team wins without playing the last half of the sixth inning. That pitcher has three (3) outs left for that week after one calendar day of rest (see above schedule).

A pitcher on Monday pitches thirteen (13) outs and is relieved. They would not be eligible to pitch until Wednesday.

A pitcher on Monday, who pitches twelve (12) outs and is relieved before the fifth inning begins, would be eligible to pitch again on Tuesday.

- 2. The second and/or third outs exceeding maximum outs resulting from a multiple play will not be assessed to the pitcher in determining maximum outs.
- 3. **A pitcher cannot pitch again in the same game once they are removed from the mound even though they remain in the line-up at another position.**
- 4. A violation of any pitching rule may be subject to forfeit the game. This will be based on the final decision of at least two U.B.B.A. board members.
- 5. Intentional Walks: No pitches need to be thrown. All leagues: Cannot steal 2nd on a walk.
- 6. For information on pickoffs, balks and related rules, see Basis of Play on page 6.
- 7. Regardless of rainouts, a player may not pitch more than the designated number of outs or innings for their league during a calendar week. Innings or count may not be carried into another week because of a rainout, if you are planning to also use eligibility for that current week.
- 8. Exhibition games are permitted before, during, or after the season, however, if playing during the season, the pitching outs apply to the pitcher for that week.
- 9. In all leagues, a defensive conference is when a defensive manager or a coach goes on the playing field to talk to a player. The umpire will have final judgement as to when a conference will be charged. A pitching change must be made if there is more than one defensive conference in a half inning while the same player is pitching.
 - a) The only exception to this rule is in case of injury.
 - b) No more than eight warm-up pitches will be allowed for relief pitchers.
 - c) Teams are allowed three free defensive visits per game, on the 4th visit and upon each subsequent visit a pitching change must be made. Teams are limited to one (1) visit per inning; each subsequent visit will require a pitching change. Refer to *Charged Conferences - High School Rules*.

4. Coaches and umpires should be notified of a rule violation at the time and point in the game that it is made and noticed by anyone.

A uniform shall include a minimum 6" number on their backs and the name of the team or town on the front. It is suggested that pants be matching in color. Players need to wear uniforms issued by their league. Each player must furnish their own glove and shoes. Uniform issues are not grounds for protests.
2. All catching equipment is to be furnished by the league, including full head cover and **throat protector**. Catchers must wear a protective helmet. Any time a player warms up a pitcher, they must wear a protective mask.
3. Each batter and runner are required to use protective batting helmets that give protection to the temples, ears, and base of the skull. Runners must make every effort to keep helmets on while base running. It is recommended that players do not remove helmets until they are off the playing field.
4. **No metal spikes are allowed on playing or practice fields in Mustang and Pinto Leagues.**
This includes all players, managers, coaches and umpires.
 - a) Metal cleats are allowed in Pony League (except on portable mounds).

3. Tournaments will be awarded only to those cities and/or leagues that can provide U.B.B.A. approved facilities. If the host city or league cannot meet and do not follow the U.B.B.A. guidelines for that tournament, the host city or league shall be placed under investigation to see if the city can host another tournament.
