

GOOD NEWS ALL AROUND

SPRINGS MEANS RECREATION FUN AND BEAUTIFUL FLOWERS

The coming of Spring means that the cabin fever will get every one outdoors, and out to their yards and parks to play. This also means the beginning of the Spring recreation programs.

There are so many recreation activities for everyone outlined on the Parks and Recreation website. You can be involved in soccer, baseball, softball, volleyball, basketball, and

new this year, Lacrosse! The Parks and Recreation Department has a fun activity for you. Be sure you review their spring offerings by visiting their website and Spring brochure. You don't want to miss any deadlines.

Spanish Fork is lauded as having one of the best recreation programs in the State. After reviewing what you and your family can do, you will certainly agree.

The flower planting on Main Street will also resume this Spring after the completion of the Main Street Tree renovation project. New soil has been placed in the planters and the Honey Locust trees, and their cumbersome root balls, have been replaced with new Chanticleer Pear trees.

Because of this tree replacement, you will not see the beautiful tulips popping up in Main Street flower beds. This Spring tradition was halted for one year for the tree replacement, but the call goes out for volunteers to plant flowers again in May.

Flowers will be planted on Main Street during two Saturdays in May: May 14 and 21. Planting will be easier than ever and your help is vital. Plan on joining this effort to help beautify the City this Spring and Summer.

DEAR MAYOR AND CITY COUNCIL

FAX IS NOW SUPPORTED ON THE SFCN VOICE SERVICE

In an effort to be your primary phone service, SFCN now supports FAX across its voice system. Signup today and request fax support and faxing will work just like it does with your current provider. There is no reason not to switch. This improvement is perfect for a home business.

Switch today for free and start saving every month. Call 801-804-4444 for details and or to sign up for this service.

GOLF SPECIALS ANNOUNCED

When the golf course opens this Spring, golfers can take advantage of an early morning discount. Book your tee time before 9 am, Monday thru Friday, and enjoy 9 holes of golf, with a cart, for only \$10; or 18

holes of golf, with a cart for only \$20. That's a savings of nearly 50% off the regular price. Get a round of golf in before your days begins. To take advantage of this offer, call the golf course at 801.804.4653.

IRRIGATION WATER WILL BE TURNED ON MID-APRIL

The pressurized irrigation water will be turned on near the date of April 15. It may even be sooner than that, depending on the weather.

Before the water system is turned on, be sure that your irrigation system is turned off, both at the clock and at the meter. This will help prevent unnecessary flooding at your home, which sadly seems to happen each year at unsuspecting homes across town. Don't let this happen at your home.

To make sure your PI water is turned off at the valve, locate your PI valve box, typically in your front yard in a green box. Carefully open the lid, checking for spiders that may

have nested in your box then locate the handle for your water line.

If the handle is in line with the pipe, carefully turn it 90 degrees so that it crosses the pipe or is perpendicular to the pipe. When the valve is in this position, the water is off.

If you have any questions, contact Public Works at 801.804.4550.
